How To Use This Trip Planner

This *Trip Planner* covers four regions: Southwestern Ontario, Festival Country, Lakelands and Metropolitan Toronto.

Each region is presented separately, and each section begins with a brief overview of the region. The name, address and telephone number of the Travel Association are also provided.

Each region's attractions are presented as a whole, listed alphabetically by community; then the region's accommodations are listed, followed by its campgrounds, likewise listed alphabetically according to the closest community.

To give you a more complete picture of the province, we've included highlights throughout each region. These include stories from history, in-depth descriptions of attractions, facts about nature and interesting splashes of local colour. We hope you enjoy them.

If you're looking for a particular community, campsite or accommodation, the index at the back of the *Trip Planner* will help you.

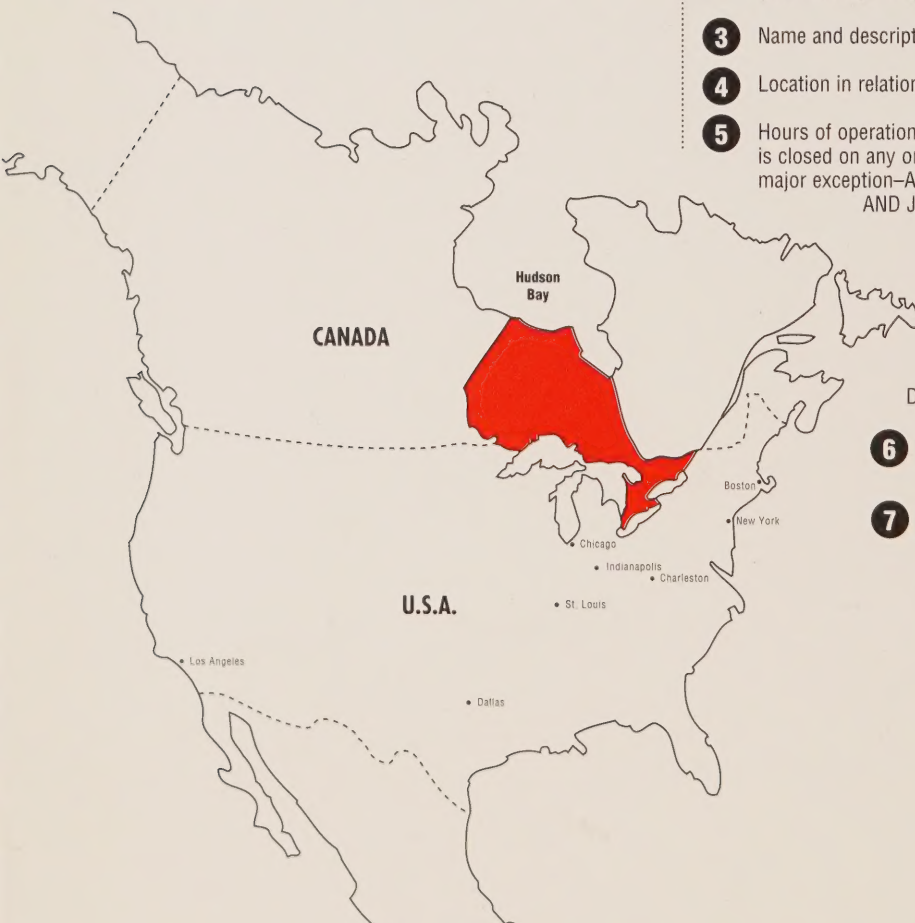

ATTRACTIONS

A brief description of each attraction includes information on its location, hours and rates of admission. We've included a telephone number—although the information supplied to us was deemed correct at time of publication, changes can occur—we recommend you call ahead before making a special trip.

Here is a typical Attractions listing.

Ottawa

What to do in Ontario?

In a word—Everything!

This huge, colourful, friendly and diverse place is a traveller's dream. From the southwest, Canada's southernmost area, to the north, there are a dozen fascinating regions, each one different, with countless sights to see and activities to enjoy. You *really* can do everything!

In Ontario.

Where to stay?

Ontario's network of accommodations includes everything from simple motels or rustic cottages to luxurious full-service resorts, and a whole range of hotels with every amenity. Many of Ontario's beautiful provincial parks provide excellent camping facilities, some full-service, others primitive, isolated and only water-accessible. There are also many excellent private campgrounds around the province with a variety of facilities and services.

Whatever kind of trip you're planning—whether it's a big-city luxury weekend, touring the regions, a relaxing resort vacation or a wilderness excursion—we've got just the place for you to stay.

Some Facts About Ontario

Who and where we are

A diversity as huge as the province itself awaits the visitor to Ontario. From its sophisticated modern cities to the vast, untouched wilderness; from the carefully tended vineyards of Niagara to the rugged northern forests; from some of the world's hottest shows to peaceful lakes where the call of the loon is the only music—it's all found in Ontario.

Canada's second-largest province covers 1.068 million square kilometres (412,582 square miles) stretching over 1,700 kilometres (1,056 miles) from its most southerly point, on the same latitude as northern California, to the Arctic waters of Hudson Bay, and 1,600 kilometres from west to east. The word "Ontario" is thought to mean "beautiful waters" in the original

Iroquoian—and it couldn't be a more appropriate description! While over 70 per cent of the province is covered by forests, 20 per cent is comprised of water, with over 250,000 lakes, gouged into the rock of the Canadian Shield by the last ice age. Hundreds of kilometres of shoreline on four of the Great Lakes offer numerous recreational opportunities, from the rugged beauty of Lake Superior in the north, or the sailing paradise of Lake Huron, to the gentler shores and beautiful sandy beaches of Lakes Erie and Ontario.

It was 10,000 years ago when the first aboriginal people arrived in what is now Ontario. While some continued to wander, in the south other aboriginal nations settled down, erecting villages and farming the land. There were battles between the nations, but by the 1600s they had begun to band together into confederacies, and developed a democratic system of government.

The French were the first Europeans to arrive in Ontario, and at Sainte-Marie-among-the-Hurons you can visit the reconstructed Jesuit mission to the Hurons built in 1639. The lucrative fur trade drew the English to the wild

POW-WOW

shores of Hudson Bay only a few years later, but settlement in earnest began with the Loyalists moving north after the American War of Independence.

Today, there are two aboriginal language groups in Ontario: Algonquian, spoken by the Algonquin, Ojibwa and Cree; and Iroquoian, spoken by the Iroquois.

The French culture is still a part of Ontario, with Franco-Ontarians representing 5 per cent of the province's population of just over 10 million. Successive waves of immigrants have continued to enrich Ontario's culture, and its cities are microcosms of the world in their rich ethnic variety. Ontario is home to more than 60 cultures with distinct languages and traditions.

Ontario has a rich history and a dynamic, vibrant life today. There are countless interesting and exciting things to see and do. It's also a place of wonderful natural beauty. Whether you're looking for a vacation full of activities and sightseeing or something more restful, we want to help you choose the right place. We hope our *Trip Planners* will make your decision easier.

What's the temperature?

The climate here ranges from humid continental in the south to subarctic in the north. Temperatures are given officially in degrees Celsius with the Fahrenheit equivalent often added. For an exact conversion of °Fahrenheit to °Celsius: subtract 32 from number of °F, then multiply by 5/9. Conversely, multiply °Celsius by 9/5, then add 32 to get °Fahrenheit. For a quick reference, here is a partial conversion chart:

Due to Ontario's vast size, temperatures vary tremendously from region to region and even within the different regions. Generally, the lowest temperatures are recorded in January and the highest in July.

Ontario's Emblems

Official Flag:

The flag of Ontario is called the Red Ensign. It includes the Union Jack, representing our ties to Great Britain, and the Arms of the Province.

Official Flower:

The official flower of Ontario is the Trillium, a delicate, white three-petalled flower that grows wild in profusion in the woodlands of the province in early spring.

Coat-of-Arms of Ontario:

The arms of the province consist of a green shield with three golden maple leaves surmounted by the Banner of St. George, a red cross on a silver background. The banner indicates our close ties with Britain, while the colours green and gold are Ontario's official colours, and green symbolizes the land. Above the shield is a bear, with a moose and a deer supporting the shield, all representing the rich animal life of the province. The Latin motto is translated as "Loyal She Began, Loyal She Remains." The shield was granted by Royal Warrant of Queen Victoria on May 25, 1868, and the crest, supporters and motto by Royal Warrant of King Edward VII on February 27, 1909.

Official Gem:

Amethyst, the rich purple semi-precious gem, is the official gem of Ontario. Large deposits are found in North of Superior travel region.

Official Tree:

The Eastern White Pine. The White Pine was an important source of income and trade during the pioneering days, and continues to be a valuable resource for Ontario. Pictured here is the Kirkwood Giant Pine, the tallest tree in Ontario at 49.2 metres (161 feet).

Other Guides To Ontario

This *Trip Planner*, one of a series of four, which together cover the 12 travel regions of Ontario, provides you with the information to plan your vacation—information on a variety of things to see while touring around the province, and where to stay, whether you are looking for roofed accommodation or camping.

As you read through this *Trip Planner*, you will see map sections and references to map co-ordinates—these all refer back to the **Ontario Official Road Map**. You'll find it invaluable—make sure to get a copy by calling Ontario Travel or visit any Ontario Travel Information Centre.

Scenic Tour Routes

ROUTE OF THE VOYAGEURS

Once the trading route of the voyageurs, now a comfortable, panoramic tour, 2,080 km (1,300 miles) lined with wildlife reserves, parks and wilderness area; from Hawkesbury to Kenora along the splendour of Lake Superior.

TALBOT TRAIL

The Talbot Trail follows quiet highways and country roads 400 km (245 miles) through three historic and picturesque counties and two regions; from Windsor to Fort Erie.

LAKE NIPISSING CIRCLE TOUR

Rich in history and folklore, Lake Nipissing has attracted visitors for more than 300 years. The 330 km (205 mile) route passes historic small towns, spectacular lookout points and the thriving city of North Bay.

LOYALIST PARKWAY

94 km (59 miles) between Kingston and Trenton that take you via the Glenora ferry through scenic Quinte's Isle, past historic towns, rolling farmland and beaches, tracing the steps of the first Loyalist settlers.

RIDEAU-TRENT-SEVERN TRAIL

680 km (425 miles) of canals, locks, parklands and open water linking Ottawa with Lake Ontario and Georgian Bay.

BLUEWATER TRAIL

Stretches 1,120 km (700 miles) from Windsor to Manitoulin Island. And, as you may have guessed, tends to keep you close to the lakeshores and riverbanks.

FRONTIER TRAIL

1,600 km (1,000 miles) through the gold, silver and lumbering communities of the north, with some great fishing and sightseeing on the way; from Toronto the route takes you north to Hearst, then along Lake Superior, then north again to Kenora.

TERRY FOX COURAGE HIGHWAY

A splendid tree-lined stretch of 100 km (63 miles) between Nipigon and Thunder Bay, where an indomitable young Canadian prematurely finished his Marathon of Hope.

WINE ROUTE

This route along the Niagara Peninsula takes you from Stoney Creek to Niagara Falls, past acres of vineyards and beautiful scenery. Many wineries—from cottage industries to large modern plants—offer tours to visitors.

• **More Scenic Tour Routes on page 12**

Scenic Tour Routes

HERITAGE HIGHWAY

From Windsor, 1,895 km (1,184 miles) to the Gaspé Peninsula of Quebec, this route traces a historic path of forts, battle sites and museums.

GREAT RIVER ROAD ROUTE

The Lake of the Woods Parkway is a scenic route extending 600 km (365 miles) into northwest Ontario.

LAKE HURON CIRCLE TOUR

This route takes you 2,240 km (1,400 miles) around Lake Huron, past sandy shores and rugged outcroppings, blue waters against limestone cliffs, through bustling modern cities and quaint, quiet villages.

ALGONQUIN TRAIL

A circle tour of scenic lake country: small resort towns, country antique shopping, the majesty of Algonquin Park, wilderness and wildlife; from Napanee through to Algonquin Park and then south through Lindsay.

LAKE SUPERIOR CIRCLE TOUR

2,080 km (1,300 miles) of green forest, cascading waterfalls and towering cliffs border this, the largest freshwater lake in the world.

APPLE ROUTE

The main road of the Apple Route is Highway 2 between Colborne and Trenton, but there are several branches along the way into rolling hills and marshlands and past sandy beaches. All along the way are the apple orchards that give the route its name.

GOLDEN HIGHWAY

This cross-shaped route includes Highway 11 from Englehart north to Matheson and Highway 66 from Matachewan east to the Quebec border, with Kirkland Lake in the centre. The tour includes famous gold mines from the past and mines that are still producing today.

AFRICAN-CANADIAN HERITAGE TOUR

Retrace the steps of black refugee slaves who sought freedom by following the North Star to Canada. Six historic sites in Kent and Essex counties tell the story of the Underground Railway.

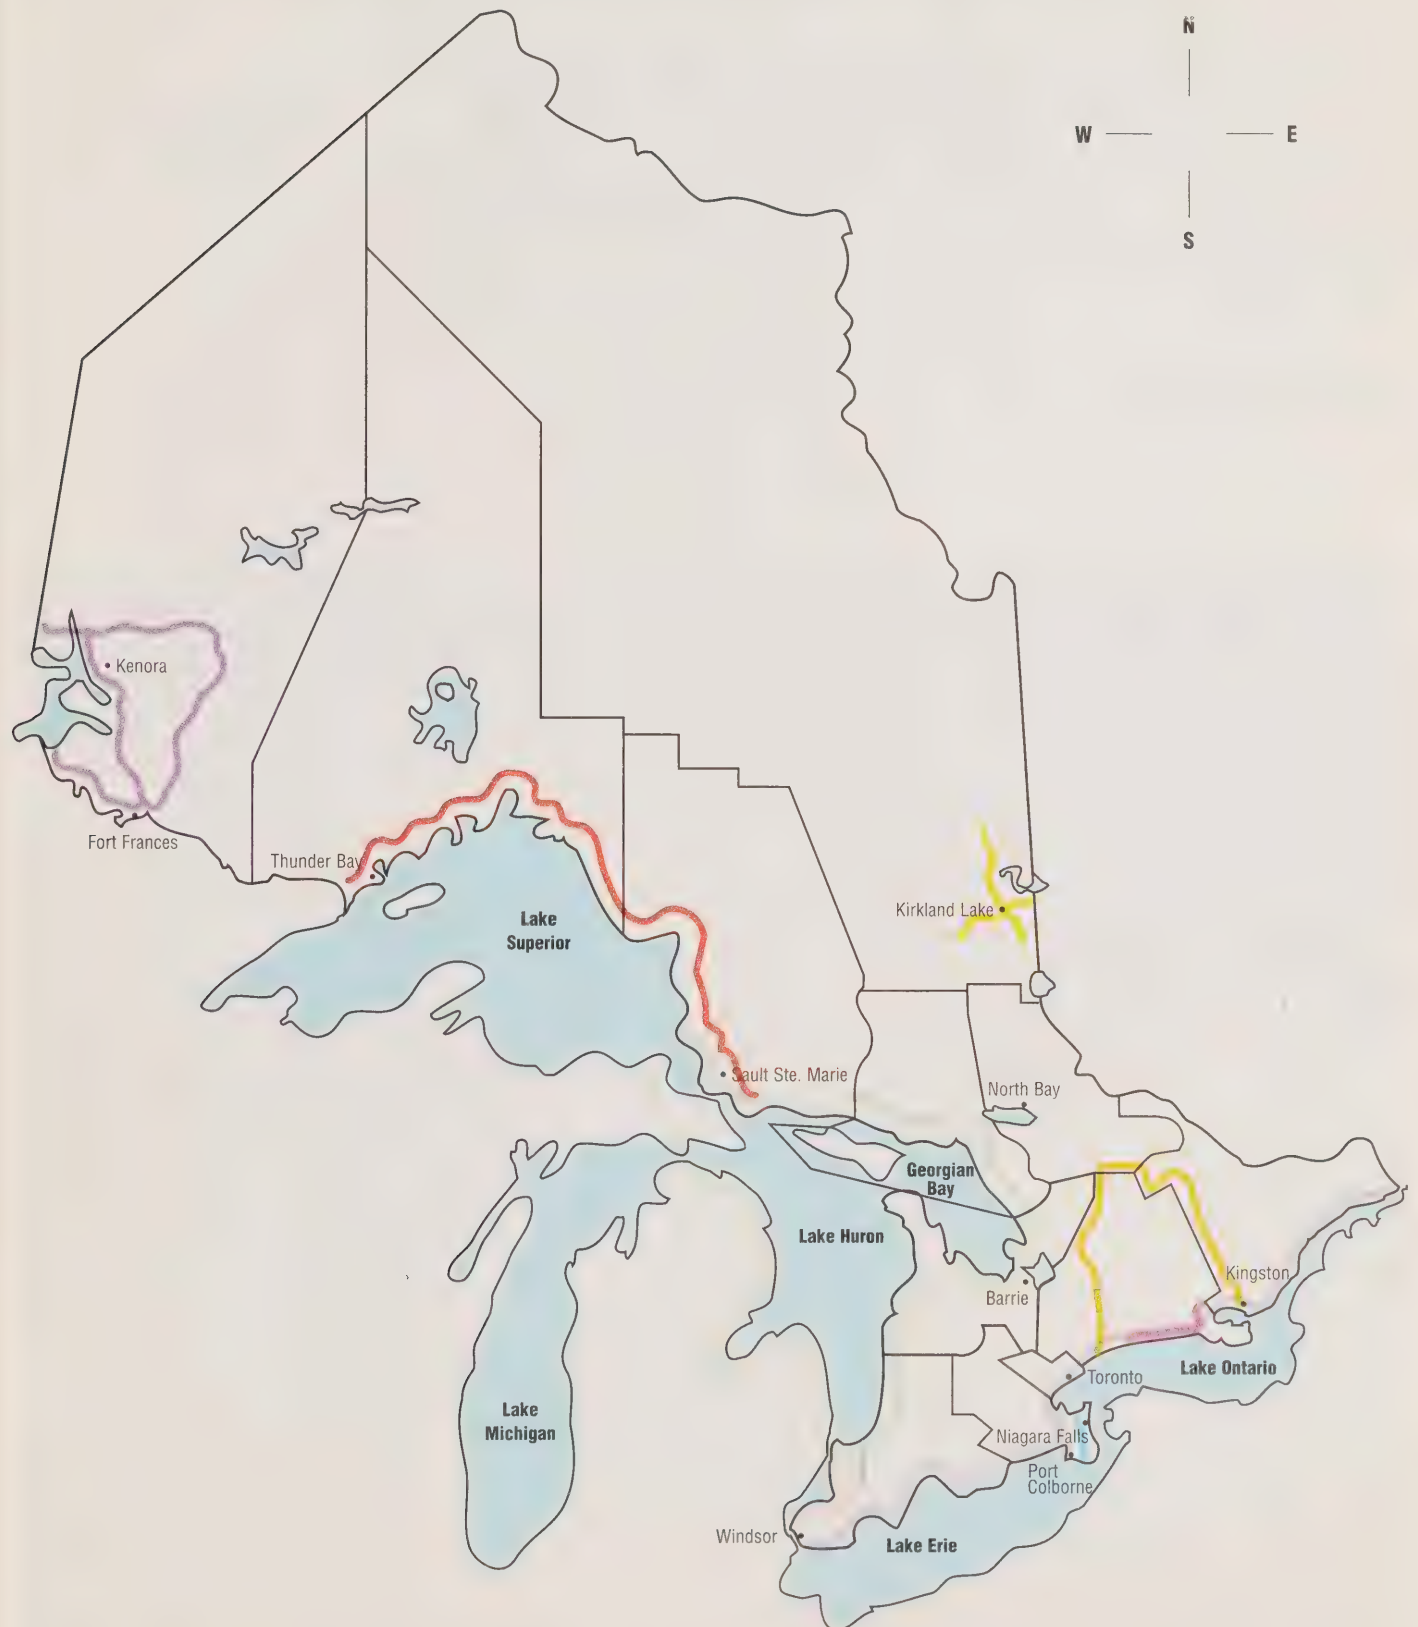

OIL HERITAGE ROUTE

Starting just south of Highway 402, the tour carries visitors to the birthplace of the modern oil industry and to family attractions as diverse as a performing arts hall, an historic working oil field and a museum.

WELLAND CANAL ROUTE

The Welland Canal Route takes you through the heart of the historic Niagara Peninsula. From Port Dalhousie on Lake Ontario it follows past and present canal routes through a dozen towns to Port Colborne on Lake Erie.

Ontario's Twelve Travel Regions

The province of Ontario is divided into 12 travel regions, each with its own distinct character, activities and attractions, and with its own Travel Association. The regions are indicated on the map opposite. To make planning your trip easier, we have grouped some of these regions to create four area *Trip Planners*, of which this guide is one. The *Trip Planners* cover the following areas:

Southwestern Ontario

■ *Goderich Township Windmill at Bayfield*

This is Ontario's Riviera – the southernmost point of land in Canada is here, on the same latitude as northern California. The milder climate in the area nestled between Lakes Erie and Huron makes this rolling countryside ideal farmland – this is also Canada's vegetable garden.

It's an area rich in history, full of reminders of the bustling days when pioneer Ontario first prospered: pretty gingerbread farmhouses, gothic churches and charming nineteenth century

towns with proud Victorian public buildings. North America's finest Shakespearean festival is held here each year in the picturesque community of Stratford.

And Southwestern Ontario is bluewater country—the blue waters of Lake Huron and Lake Erie, and the beautiful sandy beaches that attract visitors from all over to enjoy summer sun and fun in its many attractive shoreline communities.

The Road to Freedom

By the time the British Crown abolished slavery in 1833 in what is now Ontario, fugitive slaves from the United States had already been "following the North Star" and arriving in the province on the "Underground Railroad," the secret network that hid thousands of runaways and guided them to Canada. The first permanent settlement was established in the town of Sandwich, and the Sandwich Baptist Church, dating from 1851, now stands in the west end of Windsor.

Other settlements followed, among them North Buxton, where the Raleigh Township Centennial Museum preserves the history of the 1849 Elgin settlement.

Now you can trace the footsteps of those early freedom seekers by visiting these and four other black heritage sites in the area. At Amherstburg you

will find the North American Black Historical Museum; near Dresden the home of the Rev. Josiah Henson, whose early life in slavery inspired Harriet Beecher Stowe's "Uncle Tom's Cabin;" the First Baptist Church in Chatham, where a meeting was held by John Brown to plan the raid on Harper's Ferry, which helped trigger the American Civil War; and the John Freeman Walls Historic Site and Underground Railroad Museum in Puce, just east of Windsor.

Just pick up a map and follow the signs on the African-Canadian Heritage Tour.

*The beach at Ipperwash
Right: Port Stanley on Lake Erie*

Sun and Sand

The shores of Lake Huron and Lake Erie give southwestern Ontario some of the best beaches anywhere: hot white sands, crystal blue waters, tanned bodies, gently sloped shores that allow you to wade slowly into the warm water.

Pack a picnic and head for almost any shore community: you're sure to find some great swimming. One of the more famous Lake Huron beaches is at Grand Bend, and just south of the town, you'll also find Pinery Provincial Park, a 2,500-hectare (6,000 acre) preserve of natural beauty with 10 kilometres (6 miles) of fine, sandy beach and magnificent dunes, and Ipperwash Beach. Down on Lake Erie are miles more of warm sandy beaches in fishing villages, including Port Stanley and Port Burwell.

A stone's throw from the beaches, you'll discover great shopping for antiques, hand-made pottery, crafts and collectibles in places such as Bayfield, not to mention superb fresh produce from farmers' markets in a region that has been called Canada's vegetable patch.

Boaters will discover that marinas dot the shoreline in profusion — you can choose from the waterfront parklands at Windsor and Sarnia or tie up at one of the many smaller communities.

The westward facing shore of Lake Huron is famous for its sunsets. Take the time to savor one in Grand Bend or in the town of Goderich, perched on a scenic bluff that gives you a fantastic view.

And when the sun has finally set, you'll have your pick of great places to stay, from historic country inns and lakeview hotels to a wide selection of campgrounds.

Where the Birds Are

Birds, butterflies, plants and reptiles draw more than half a million visitors every year to Point Pelee National Park near Kingsville, Canada's most southerly town. There are 700 different kinds of plants to see, and 347 species of birds have been recorded.

Largely marsh, Pelee has the smallest dry land area of any national park. Turtles, white-tailed deer and Canada's only lizard, the five-lined skink, can be glimpsed if you keep your eyes open. Pelee is a "day use" park (no overnight camping) and there are a number of rules and regulations to observe to protect the endangered species. Visitors are urged to stay on roadways, pathways and boardwalks to help preserve the fragile park environment.

North of Kingsville is the world-renowned Jack Miner Bird Sanctuary. Fondly known as Wild Goose Jack, Jack Miner established the sanctuary in 1904 to protect the Canada Goose, which had come close to extinction. Miner was also a pioneer in the banding of ducks and other species. His work led to the enacting of laws to protect migratory birds.

The Jack Miner Migratory Bird Foundation, to which he donated his sanctuary, home and community park for all to enjoy, is open year round except Sundays. Northeast of Clinton, the Hullett Provincial Wildlife Area offers bird watching in its marsh habitat.

Pelee Island Winery

Spirits of the Southwest

There's a tradition of viticulture and distillery in southwestern Ontario and a growing interest among consumers in touring the facilities where the spirits are created. Half a dozen wineries operate in this picturesque corner of the province, some offering tours and tastings. The wines produced here are quickly establishing themselves among the world's best, with many top international prizes already won.

In the summer months, you can visit the Hiram Walker-Allied Vintners Distillery in Windsor. Walkers Distillery was founded in 1858 by Hiram Walker and has been an important presence in Ontario and around the world ever since. Tours are one-hour long, visitors must be 19 years of age and reservations are required.

There are many other wineries to visit. Give them a call for more details.

Lovely London

A vibrant and growing city, London is a blend of contemporary and traditional. Like the city it was named for, it is set on the River Thames, and was a candidate for capital city back in 1793 when Governor Simcoe visited the site. It has been called the Forest City, and boasts 600 hectares (1,500 acres) of parks, including the well-known Springbank Park with 140 hectares (350 acres) of lawns and flowers.

Traditional London has some superbly preserved Victorian neighbourhoods. Contemporary London has great shopping, and as befits a commercial centre with a major university, it is a hive of cultural activity, with first-class theatre at the Grand, a symphony orchestra, major museums and galleries, and a host of special events all year.

Site of the first commercial oil well in North America

Oil Heritage

Before the Barnes and Ewing names were immortalized on TV's *Dallas*, those families prospected for Lambton County oil. Here is the true birthplace of North America's commercial oil industry, predating OPEC, lipstick, nylons, Iran and Alberta. It's all in the Oil Heritage Tour. Today, little has changed but the pace, since the 1800s boom, that left a splendid legacy of Victorian architecture and working industrial archaeology.

Experience history at Petrolia Discovery, a century-old heritage complex where power lines still pump 19 wells. The restored Victoria Hall preserves its history of entertainment since 1889, at its 440-seat theatre.

Year round, Oil Springs dramatizes the world's oldest active oil wells, visible in a driving tour. The Fairbank and Morningstar families have harvested black gold for more than a century. The Oil Museum of Canada reveals the boom days and the drillers, who found oil in 87 countries, using Canadian technology.

*The Avon River at Stratford
Right: The Stratford Festival Theatre*

The Play's the Thing

Ontario is home to a great many theatres, from simple summer stock, to the grandest gilt and crystal palaces. And Southwestern Ontario has a superb variety of theatre to offer, including the following:

Stratford

The pretty town of Stratford on the Avon River has become a mecca for theatre lovers from North America and around the world. The Stratford Shakespearean Festival began in July 1953, in a tent, with Sir Alec Guinness as *Richard III*. That first season 68,000 people attended performances of *Richard III* and *All's Well That Ends Well*.

In 1957, the tent was replaced by the current theatre building with its then-revolutionary thrust stage. Today, the theatre season runs from May to October on three stages: The Festival Theatre, The Avon Theatre, and The Tom Patterson Theatre, named after the man whose idea the whole thing was.

The Stratford Festival is now an internationally-acclaimed theatrical institution with a repertory season that includes the Shakespeare plays, classical works, modern and experimental plays, operetta and Broadway musicals.

Theatre in the Country

In its 22nd season, the Blyth Festival is one of Canada's best off-the-beaten-track performing arts facilities. Specializing in Canadian plays, the festival runs from mid-June to September and there are often concerts, children's programs and art events as well.

Set in the charming area of Huron County, Blyth is well known as one of Ontario's last tannery towns. Shops and restaurants occupy theatre-goers before and after performances and many local bed-and-breakfast spots offer overnight accommodation. Blyth is just a short drive east of Goderich and the resorts on Lake Huron's shore.

Just a little further south, in Grand Bend, you can take in professional summer theatre at the Huron Country Playhouse, which celebrates its 25th anniversary season in 1996, and in Petrolia, you can enjoy performances year round in the beautiful restored 1889 Victoria Hall.

Grand Theatre

One of the wonderful old theatres that have been rescued from destruction and restored to former splendour, the Grand Theatre of London mounts a full season, October to May, of drama, comedy and musicals. Canada's finest actors perform here.

Coventry Gardens in Windsor

Windsor

The border city of Windsor, located on the Detroit River, has become a giant draw for both Americans and Canadians. Why? Listen for the sounds of jackpots being won: it's the site of Ontario's first casino. Located downtown in the former Art Gallery of Windsor, the casino offers many games of chance, including the ever-popular slot machines.

An automotive city (Ford, General Motors and Chrysler), Windsor is also known as the City of Roses. At the Rose Test Garden, more than 12,000 roses of 500 varieties are grown in beds arranged by colour and bush type. They bloom from early June to October. Nature lovers will also be interested in the Ojibway Prairie Park, where a tall-grass prairie habitat has been preserved.

The city possesses many attractive parks, especially Jackson Park with its sunken gardens, and Dieppe Gardens, right on the river.

Every year, for a two-week period around July 1, Windsor and Detroit celebrate democracy with the International Freedom Festival. There are more than 100 special events on both sides of the river, and a spectacular fireworks display, billed as the largest in North America, caps off the festivities.

Festival Country

■ *A thrilling ride across the Niagara Gorge in the Niagara Spanish Aero Car
See listing page 80*

The roar, the thunder and the ever-amazing spectacle of Niagara Falls, one of the world's great natural wonders — this is Festival Country.

There are fine vineyards and orchards here, sheltered in the unique microclimate created by Lakes Erie and Ontario and the protection of the Niagara Escarpment. And in Mennonite country, neatly kept farms on rich agricultural land. One of the world's great botanical gardens is here.

There are busy, bustling commercial centres such as Hamilton, St. Catharines and Kitchener-Waterloo – and there are charming historic villages where you can browse for antiques and dine in style.

And Festival Country truly means festivals – from the superb Shaw Festival held every summer in Niagara-on-the-Lake, to the Bavarian bands and polkas of Oktoberfest.

There are Highland Games, pow-wows, farm fairs, fun fairs, flower festivals, wine festivals and winter carnivals.

Shops at Elora

Country Style Shopping

If a day's browse among antiques, handicrafts and one-of-a-kind artifacts sounds good, Festival Country is the place for you. Add the local farmers' markets with their fresh produce and baked goods and a variety of home-style eating places and you have an experience to remember.

In the heart of Mennonite Country, the Kitchener farmers' market is well known, but Waterloo has one, too. The St. Jacobs market has over 400 vendors selling farm produce, meats, cheese, baked goods, furniture, crafts and housewares. Of special interest are the beautiful, hand-sewn Mennonite quilts. And a few blocks away in the village of St. Jacobs, there's a blacksmith shop, horse-drawn trolley and almost 100 shops, restaurants and inns.

Picturesque Elora, beautifully situated on the Grand River a short drive north of Kitchener, is a charming spot for strolling and looking through the many old-fashioned shops.

The town of Fergus, a few kilometres northeast of Elora on the Grand River, is a little bit of Scotland in Wellington County. The Fergus Market is housed in a riverside building with views of the water and is open every weekend year round, selling farm produce, antiques and handicrafts.

And if you're in Niagara-on-the-Lake for an afternoon, take a stroll along Queen Street. You'll feel you've stepped back over a hundred years. Quaint shops sell everything from home-made fudge to fine china and gifts.

We could go on — flea markets to browse around, great bargains at factory outlets around Cambridge, aboriginal crafts at the Six Nations of the Grand River. The choice is up to you, but be warned — it's hard to choose among so much!

The Royal Botanical Gardens, Hamilton

Diverse Hamilton

Situated at the western end of Lake Ontario, in the heart of the area known as the Golden Horseshoe, Hamilton is a city of contrasts. Its reputation was built on steel, but it's also the home of the magnificent Royal Botanical Gardens. It's a city with great cultural diversity and major arts and entertainment facilities.

The rugged beauty of the Niagara Escarpment gives Hamilton its predominant natural feature, Hamilton Mountain. Lake Ontario provides another, and the surrounding countryside and neighbouring towns make the Hamilton area a pleasant one for a hike or a drive.

Hamilton has several interesting museums and galleries, including the Art Gallery of Hamilton, one of the most important public collections in Canada. Various events are held at Copps Coliseum.

For the performing arts, Hamilton Place is one of the province's best facilities. It is the home of the successful Opera Hamilton, and host to top-line entertainers.

Oktoberfest parade in Kitchener/Waterloo
Right: Bavarian-style entertainment

Ontario German: Kitchener-Waterloo

These twin cities share two universities, many parks and a common heritage — the early German settlers, who gave this area its distinctive personality.

That personality is especially outgoing and fun-loving at Oktoberfest. Kitchener puts on one of the biggest Oktoberfest celebrations in the world, with all the traditional Bavarian festivities: “oompah” bands, dancers in lederhosen, schnitzel and sauerkraut and bratwurst and strudel and, of course, plenty of beer. There’s a big parade to kick things off and lots of sporting and cultural events along with it.

But you don’t have to wait for October to visit Kitchener-Waterloo — it’s a hive of activity all year, with numerous events, top-rate entertainment at the Centre in the Square, museums, markets and historic German Mennonite sites, and two major recreation parks.

Some of the earliest settlers in the Kitchener-Waterloo area were Pennsylvania German Mennonites, who began arriving in 1786 when a group of them purchased 60,000 acres of land to create a colony. Two hundred years later, the Mennonites have stamped the region with their distinctive, peaceable ways, and in parts of Waterloo County their horse-drawn buggies are a familiar sight.

Feeding the deer at Marineland, Niagara Falls

Majestic Niagara Falls

Just imagine. Ton after ton of spraying, foaming, rushing water thunderously plunging some 52 metres (170 feet) downwards into the Niagara River below.

No wonder Niagara Falls, one of the most famous and spectacular natural wonders in the world, has long been a magnet for daredevils, sightseers and honeymooners. Whether you see the falls under a hot blue July sky or with a mantle of January ice, by sunlight at noontime or bathed in coloured floodlight at night, they are always beautiful and always awe-inspiring.

Even in winter, when the river flow is reduced and 50 per cent diverted for hydro-electric generation by both Canada and the United States, the power of the falls is still awesome, and their beauty enhanced by ice and snow.

There are higher waterfalls in the world, but none with greater volume and majesty.

A scenic oasis in the Niagara Parks

The Niagara Parks

A visit to the falls means the chance to enjoy the Niagara Parks. They stretch 56 kilometres (35 miles) from Fort Erie to Niagara-on-the-Lake and were the first provincially protected parklands in Ontario, created in 1885 in response to growing alarm at the commercial development crowding the falls. The parks include some of the most scenic and historic country in the province.

The Niagara Parkway is laid out so that you can drive along the Niagara Gorge – it's especially beautiful in late April and early May when the apples, cherries and peaches are in blossom. A blossom festival and parade are held at the peak of blossom time. You'll also drive past vineyards and farms as well as historic buildings, monuments and forts

dating from the War of 1812. You can visit the gardens of the School of Horticulture, and the giant floral clock, more than 12m (40 feet) in diameter, with as many as 19,000 flowers.

The views all the way along are breathtaking and there are many lookouts and picnic areas. A recreational trail along the Niagara Parkway is ideal for walking, jogging, roller blading or cycling.

Sir Winston Churchill once call the Parkway "the prettiest Sunday afternoon drive in the world."

Theatre in Festival Country

Shaw Festival

The Shaw Festival is the second-largest repertory theatre company in North America. Located in picturesque Niagara-on-the-Lake, just 20 minutes from Niagara Falls, it is the only theatre in the world that specializes in the plays of George Bernard Shaw and his contemporaries, with a wide spectrum of comedies, dramas and musicals.

The Shaw Festival began in 1962. The historic Court House on Queen Street in Niagara-on-the-Lake was converted into a small theatre and the inaugural productions were *Candida* and *Don Juan in Hell*. Success was immediate. Now there are three theatres: the Festival Theatre, the original Court House Theatre and the Royal George Theatre. The season runs from April through the end of October.

In Hamilton's performing arts centre, Hamilton Place, touring productions of the big Broadway shows are staged, as well as their own highly acclaimed productions of the great operas, and Theatre Aquarius presents comedy, drama and musicals from September through May.

Kitchener-Waterloo's Centre in the Square offers everything from symphony concerts to Las Vegas headliners.

Two Lake Erie fishing and resort towns, Port Colborne and Port Dover, have professional summer theatre companies, the Showboat Festival Theatre and the Lighthouse Festival Theatre respectively.

The Drayton Festival Theatre and Orangeville Summer Theatre also present a variety of productions.

If you're a lover of the performing arts, you can get your fill in centres all around Festival Country — theatre and concerts in towns such as Brantford, Burlington, Welland, Fort Erie, Oakville, a major music festival in the attractive university city of Guelph and another in Elora. Request a copy of our *Events* calendar for additional information.

Niagara Wines

The Niagara Peninsula is the premier wine-growing region in Ontario. Grape vines have been planted here for 200 years, and the region accounts for over 80 per cent of the wine grapes grown in Canada. Many Niagara wines today take their place among the great wines of the world.

Geography is key to the creation of fine wines and Ontario's vineyards are in a cool-climate growing season similar to that of Germany, Champagne and Burgundy. The Niagara region also benefits from a unique microclimate created by Lakes Erie and Ontario and the Niagara Escarpment, protecting the 7,000 hectares (18,000 acres) of vineyards throughout the coldest months.

Follow the Wine Route through the region. Most of the following wineries give public tours and tastings.

The Welland Canal

Sailing up the Escarpment

Built to link Lake Erie to Lake Ontario and bypass the Niagara River and Falls, the Welland Canal lets ships from all over the world “climb” the Niagara Escarpment and make their way through the Great Lakes. The difference in elevation between Lake Ontario and Lake Erie is 99.5 metres (326.5 feet).

The first Welland Canal opened in 1829, but the existing canal, the fourth, dates from 1932. A series of eight lift locks along the 42-kilometre (26-mile) canal carry the ships up or down, from Lock 1 at St. Catharines to Lock 8 at Port Colborne or the reverse.

Four of the locks are in the inland port of Thorold. Three of these are known as “twin flight” locks because they allow traffic both ways simultaneously. A viewing station at Lock 3 in St. Catharines gives an excellent view of the canal in operation.

The remnants of the first three Welland canals have not been permitted to decay or disappear — historic areas remain and recreational parks have been created, from Port Dalhousie on Lake Ontario down through St. Catharines, Thorold, and Welland to Port Colborne on Lake Erie.

■ *Summertime on the lake at Hidden Valley*

This is Southern Ontario's traditional playground — not surprising when you consider that it contains some of the finest of Ontario's 250,000 lakes.

Visitors have been drawn for many years to the Muskoka lakes — sparkling blue jewels sprinkled among the forests and set in the granite of the Precambrian Shield, with resorts and cottages nestling everywhere.

The cliffs of the Niagara Escarpment thrust out into Lake Huron here, and scuba divers plunge deep off Tobermory, exploring the wrecks of Georgian Bay.

And there are beaches – wonderful sandy beaches along Lake Huron and Georgian Bay – among them the seemingly never-ending stretch of Wasaga.

Add to all this spectacular scenery some fascinating reminders of Ontario's early history – Huronia was the home of the Huron people long before the first Europeans arrived here in the 1630s. You can relive this and the struggles of the pioneers in living history sites

ALGONQUIN PARK

D10

● ALGONQUIN PROVINCIAL PARK

Located on the southern edge of the Canadian Shield between Georgian Bay and the Ottawa River, Algonquin's 7 600 km² (3,000 sq.mi.) straddle the highlands that have become one of Ontario's favourite recreational areas. In a land of lakes, rivers and forests, Ontario's second largest Provincial Park provides the ideal environment for outdoor recreation. Most of the park is accessible only by canoe or on foot, however, there is some development along Hwy. 60, including eight campgrounds, most with sandy beaches, and three lodges.

There are over 2,400 km (1,000 miles) of canoe routes throughout the park. There are also extensive hiking trails.

The Algonquin Park Visitor Centre features an audio-visual presentation on the natural and human history of the park and contains exhibits on the fish, geology, birds and mammals of the park, including live exhibits.

The Pioneer Logging Exhibit relates the history of pioneer logging through preserved and reconstructed logging equipment, including sleighs, alligator, tools and a stable. A theatre presents an audio-visual show on logging.

Location: Main access via Hwy 60

Open: All year. Visitor Centre open all year daily: Victoria Day - mid-June, 10am-6pm; mid-June - Labour Day, 9am-9pm; Labour Day - Thanksgiving 10am-6pm; rest of year 10am-5pm. Pioneer Logging Museum open daily Victoria Day weekend-Thanksgiving.

Rates: Regular Ontario Provincial Park fees apply year-round.

Lakelands Resorts

When the historic steamship RMS Segwun was still the latest thing in technology, tourists were already making their way by train and passenger boat to resorts in the beautiful Muskoka region. In a landscape scoured out of the granite of the Precambrian Shield by the last ice age, scores of clear blue lakes with rock-clad shores lie among pine woods, the three largest among them being Lakes Muskoka, Rosseau and Joseph. Small wonder that the resort vacation was created early here, and no wonder at all that Muskoka is still a favourite destination.

There are classic resort hotels, gracious sprawling buildings with acres of lawn, gardens and waterfront, offering all the luxuries and amenities. There are a variety of lodges, many offering home-style cooking and a cozy relaxed atmosphere that's perfect for families. And for those who want a little more independence, there are housekeeping cottages where "doing your own thing" includes the cooking.

Whichever you choose, the resort vacation offers a variety of activities -- swimming, boating, windsurfing, waterskiing, plus family programs and entertainment. Some offer tennis, golf, horseback riding -- whatever an active vacationer is looking for. All of them offer great relaxation in a spectacular setting.

There are more fine resorts over on Georgian Bay, to the south in Huronia, and elsewhere. Some resorts are seasonal, but some offer year-round vacation opportunities. If you think "resorting" sounds like your kind of holiday, call 1-800-ONTARIO for more information.

Historic Huronia

Sainte-Marie among the Hurons

In 1639, Jesuit missionaries established Sainte-Marie among the Hurons near the existing town of Midland. The fortified mission was the most westerly European outpost and became a home to Hurons who were converted to Christianity. Ste. Marie soon became the largest European inland settlement north of New Orleans. It boasted Ontario's first church, hospital, blacksmith shop and European farm.

In 1647, the Iroquois began attacking in Huron territory and the mission became a target. By March 1649, many of the Hurons and Jesuits had been captured and killed and villages destroyed. Rather than surrender to the Iroquois, the Jesuits at Ste. Marie burned everything they had spent the last 10 years building and fled with their Huron friends.

In 1967, Sainte-Marie among the Hurons, accurately reconstructed, was opened to the public. Today, visitors travel back 350 years to experience first-hand the everyday community life of Canada's first inland settlement.

Discovery Harbour

The area's colourful marine heritage is brought to life in a remarkable way at the Discovery Harbour in Penetanguishene, a short distance to the north. Here you can explore the original officers' quarters as they were in 1845 and board the historic ships Bee, Tecumseth and Perseverance. Costumed sailors and soldiers guide you and show you life in a 19th-century naval and military base. Experience sailing on historic ships with "Midday Sailaway" and "Sailor's Sunset," afternoon and evening sailings. And there's summer theatre at the King's Wharf Theatre.

Wye Marsh Wildlife Centre

Situated near Sainte-Marie, the Wye Marsh is a naturalist's delight. For 25 years the Wye Marsh Wildlife Centre has been one of Canada's foremost environmental education centres. The centre features films and displays of local flora and fauna, and guides are available to answer questions. Visitors walk through 80 hectares (200 acres) of marsh and woodland on special boardwalks and trails, observing marine life and birds in their natural habitat. Canoe trips can also be taken into the marsh. In winter there are over 20 kilometres (12 miles) of cross-country trails available.

Hiking on the Niagara Escarpment

The Niagara Escarpment

The Niagara Escarpment is the predominant topographical feature in the southern Ontario area, extending 736 kilometres (442 miles) from Queenston near Niagara Falls to Tobermory. This giant horseshoe-shaped landform is home to a variety of plants and animals, and rises to an impressive 100 metres (325 feet) in some sections, providing wonderful views of the surrounding countryside.

The Escarpment's northern and most scenic end juts 80 kilometres (50 miles) into Lake Huron as the Bruce Peninsula, and the Bruce Peninsula National Park has been established here to protect it. The Park is a preserve of limestone cliffs, mixed woodland,

marsh and beaches, and is home to much flora and fauna, most notably 43 species of wild orchid. It has a variety of hiking trails, some traversing the magnificent rocky shoreline and beaches. They link with the Bruce Trail, Ontario's longest hiking trail, which follows the entire escarpment.

A stretch of Wasaga Beach

Sun on the Beach

The resort towns and beaches of Lake Huron and southern Georgian Bay are among the glories of the Lakelands. From Kincardine north through Port Elgin, Southampton and Sauble Beach to Wasaga on the other side of the Bruce Peninsula, the area is a sun worshipper's paradise.

Sauble Beach has been a hot spot for years. With a 12-kilometre (seven-mile) beach of fine white sand and the warm shallow water of Lake Huron, it's no wonder. In the resort and fishing town of Southampton, the beaches are complemented by Chantry Park's boardwalks and piers — a romantic spot to watch the sunset over Lake Huron. Port Elgin's beach has a miniature train running its length, and there's a Scottish twist in Kincardine, with pipe band concerts throughout the summer.

Most famous of all the beaches is Wasaga, the longest freshwater beach in the world. For most of the past hundred years, people have flocked to Wasaga for its beautiful sweeping sandy beach.

If you tire of just lazing on the beach, there's always plenty to keep you active in these shoreline communities — fishing, sailing, amusement parks and waterslides, shopping, entertainment — there's no end.

Where to stay? There is a huge choice of hotels, motels, housekeeping cottages, lodges and resorts, plus numerous campgrounds.

On the slopes at Blue Mountain

Winter Holidays

The fun doesn't stop in Lakelands when the snow falls—in fact, for some, it's their favourite time of year. Time to get out the ski equipment! Some of the best downhill skiing in Southern Ontario can be found here, at Collingwood's Blue Mountain, and at Huronia's Horseshoe and other ski resorts. A little further north, Huntsville's Hidden Valley provides a variety of challenging slopes.

And there are many kilometres of superb cross-country skiing trails, plus snowmobiling, tobogganing, and even dog sledding.

For more information on winter facilities and getaways, call 1-800-ONTARIO.

The Orillia Opera House

Theatre in Lakelands

Lakelands is especially busy with theatre and music festivals during the summer months, but there are some year-round theatres as well—the Roxy Playhouse in Owen Sound, for example.

The Muskoka Festival presents professional summer theatre, musicals and comedies in Gravenhurst's elegant Opera House and in Port Carling, from July to Labour Day.

Huntsville has a Festival of the Arts; the Sunshine Festival Theatre stages summer shows at the Orillia Opera House; and the Gryphon Theatre

puts on a summer program in Barrie. Orillia is also home to the Leacock Heritage Festival of theatre, concerts and other events, and October brings the Orillia Jazz Festival.

In a more informal vein, many of the towns throughout the region host lakeside and beach-side concerts during the summer.

Metropolitan Toronto

■ *Ontario Place: Toronto's dynamic waterfront park*
See listing page 182

Canada's most cosmopolitan, exciting city is the cultural heart of south central Ontario. It's a city of contrasts – the soaring glass and concrete towers of the commercial and financial heart of the country, and the parks, gardens and lakefront boardwalks of a host of communities. It is one of the English-speaking world's great theatre towns, with dozens of theatres and concert halls, and the world's finest performers on their stages. It's a cultural storehouse, with great museums and splendid galleries.

Toronto is a shopper's paradise too, from the chic boutiques of Yorkville or the lofty glass palace of the Eaton Centre to the fruit and vegetable stalls of the St. Lawrence Market.

It's a mix of neighbourhoods housing every nationality, from the bustle of Chinatown to the Greek stores of Danforth Avenue or the cafés of Little Italy. And the ethnic mix means that Toronto's restaurants have an unlimited menu – whatever cuisine you fancy, it's here, and it's authentic.

Add to the mix a public transit system that makes it easy to get around and you have a great city at your feet.

Come and see for yourself.

Getting Around Toronto

Toronto is built on the grid system, so to find your way around, it helps to know that Yonge Street is the main north-south thoroughfare, and streets that cross it are numbered starting at Yonge and referred to as "east" or "west." A major east-west thoroughfare is Bloor Street, and Toronto's main subway lines follow these two streets.

The Toronto Transit Commission (TTC) operates the subway, together with an extensive network of streetcar and bus routes. Streetcars or buses can take you almost anywhere not on the subway line. The system is modern, safe and clean. It's also an exact-fare system — you must have either a token, a ticket or the exact fare. Drivers do not make change. You can transfer from subway to surface transport and vice versa on one fare — make sure you get a transfer when you pay your fare. For route information, call the TTC at (416) 393-INFO.

GO (Government of Ontario) commuter trains run from Union Station on Front Street. GO Trains run west to Hamilton, east

to Oshawa and north to Richmond Hill, Georgetown and Bradford. For GO information call (416) 869-3200.

Union Station is the main terminal for national and international rail travel. Telephone VIA Rail Passenger Service Centre at (416) 366-8411. Not far away (at Bay and Dundas) is the Toronto Bus Terminal, where major bus lines connect Toronto with all of North America, and sightseeing tours leave from here, too. For passenger information, call (416) 393-7911.

Bus service to Pearson International Airport is every 20 minutes from selected downtown hotels and from the Islington, York Mills and Yorkdale subway stations. For information on airport bus service, call (416) 594-3310.

● CITY HALL

Designed by Finnish architect Viljo Revell and opened in 1965, Toronto's City Hall features a vast rotunda around a column 6 metres in diameter which supports the council chamber. Two curved towers flank the central dome. In front is Nathan Phillips Square, named after the man who was Toronto's mayor from 1955 to 1962. The square offers a place to enjoy art shows, multicultural festivals, concerts and civic ceremonies. The square also houses the Peace Garden, a sesquicentennial gift to the city from Toronto City Council. A giant reflecting pool becomes one of the city's most popular skating rinks in winter. Henry Moore's sculpture "The Archer," in the square near the entrance, is one of many exceptional works of art to be seen throughout the complex.

Great City: Great Entertainment

Toronto is the third most important live theatre city in the world! Only New York and London, England, sell more theatre tickets. There are more than 125 professional companies in Toronto performing on more than 40 stages.

They span the complete spectrum. There are half-a-dozen major theatres – some the latest in modernity, others restored to the plush opulence they had in their original heyday back at the beginning of the century – where you can take in productions of today's international mega-hit musicals. And there are dozens of additional venues, many of them small and intimate spaces in converted church buildings or warehouses, where the fare includes dinner theatre, experimental theatre, comedies, cabaret, alternative theatre and comedy.

Toronto has a rich tradition of music and dance as well. The National Ballet and the Canadian Opera Company perform both the classics and more recent works, but there's also a multitude of smaller, experimental companies. There are numerous choirs and orchestras – the Toronto Symphony Orchestra is one of the great orchestras of the world, and the

acclaimed Tafelmusik orchestra performs baroque and classical music on period instruments; the choirs include the noted Mendelssohn Choir and the Elmer Iseler Singers. The major concert halls in Toronto and North York are also regular hosts to visiting stars of the classical music world.

All the world's leading performers come through Toronto, the established stars and the up-and-comers, from the world of classical music, jazz and rock. If you went out every night of the week, you'd still only catch a fraction of what's on.

If budget is a consideration, rush seats are available for some performances and there are also PWYC (Pay What You Can) performances at some theatres. Or you can visit T.O. Tix in the Eaton Centre on Yonge Street for half-price tickets.

Toronto by the Lake

Toronto enjoys its waterfront in a big way. From east end to west, Lake Ontario provides a wonderful recreational resource with many different activities, attractions and beauty spots to enjoy. Cyclists can make the trip from the east end of the beaches all the way across town to the Humber River on a single lakeshore bike trail.

Toronto Islands

In the summer, people flock to the islands for a day away from the city. It's only a 15-minute ferry ride from the foot of Bay Street, but the islands are a world away from the big city hustle. There's no better place for a picnic. Wide open tree-shaded spaces surrounded by water and laced with lagoons make the perfect spot. There's a farm for kids, rides, playgrounds and boat rentals. At Hanlan's Point there are tennis courts and a long beach for sunbathing. One of Toronto's most unusual and charming neighbourhoods is on Ward's and Algonquin Island, where there is still a small resident population. There are no cars on the islands, so you either walk, take the free trolley, or cycle.

Harbourfront Centre

Toronto's waterfront area has become a thriving cultural, educational and recreational centre. Harbourfront, stretching from York Street west to Bathurst, combines shopping, recreation and the arts in a lakeside setting of marinas, quays and promenades. Boutiques, theatre, restaurants,

antique market, art gallery and playgrounds are permanent features, and there are a host of special events. From here, regularly scheduled boat cruises and private charters will take you on a tour of Toronto Harbour and the Toronto Islands.

Ontario Place

This summer playground was built over Lake Ontario on three artificial islands and is a favourite spot for families. There's an IMAX theatre, exhibits, rides and playgrounds, marina, restaurants and snackbars. A new outdoor theatre, the Molson Amphitheatre, is a venue for top-line entertainment.

The Leslie Street Spit

This spit reaching out into the harbour at its eastern end is a popular spot for cyclists and walkers. There's a stunning view of the city skyline from the end of the spit, and a huge colony of gulls attracts birders and naturalists.

At the St. Lawrence Market: a Toronto tradition

Shopping Sprees

Toronto holds every imaginable shopping experience, from street bazaar to Tiffany's, from bargain basement to carriage trade.

There are numerous downtown shopping centres on and around Yonge Street. Under one soaring glass-domed roof that stretches an entire city block, you'll find the Eaton Centre, a mall with over 300 stores and services, joining at either end two of Canada's major department stores. There are also several concentrations of underground shops, many linked together in an underground "city" you can follow through various twists and turns.

Uptown shopping means the Bloor/Yorkville area. This busy area of upscale boutiques, department stores, art galleries, movie theatres and restaurants includes Bloor Street and the few blocks north between Yonge Street and Avenue Road. Here you'll find great places to shop for haute couture, antiques, jewelry and home furnishings.

Trendy Queen Street West has funky fashions, bistros, galleries, bookstores, furniture stores and some of the city's most colourful characters. A great area to browse, have lunch and watch the passing parade.

For food shopping, nothing beats the St. Lawrence Market. The Saturday farmers' market in the north building is one of the best places in Toronto to buy farm-fresh produce, organic vegetables, cheeses, sausage and baked goods. If you like to buy from the people who grew it or baked it, this is the place. The south market is a historic building dating from 1844 and has been a market since 1890, selling fish, poultry, meat, cheese, breads and spices. A carnival atmosphere takes over on Saturdays with buskers and all kinds of street performers outside and inside the two market buildings.

With the dinosaurs at the Royal Ontario Museum (ROM)
 Right: Henry Moore sculptures at the Art Gallery of Ontario (AGO)

Toronto's Cultural Jewels

The Art Gallery of Ontario (AGO) is the largest and oldest public art gallery in Toronto. The existing complex began modestly over 90 years ago in an 1817 Georgian mansion, known as The Grange. In various stages the museum was expanded to accommodate growing collections: the Henry Moore Sculpture Centre, the Canadian contemporary and historical art collections, print and drawing collections, as well as the Edward P. Taylor Research Library and the renowned Anne Tanenbaum Gallery School. The Henry Moore Sculpture Centre, which opened in 1974, contains the world's largest collection of Moore's work. The AGO's permanent collection, housed in over 50 galleries, comprises more than 18,000 works and reflects 600 years of human creativity. The Canadian collection marks the development of art in Canada from the early 19th century and includes many works by the Group of Seven as well as Inuit art. Highlights of the collection are works by Rembrandt, Hals, Van Gogh, the French impressionists and Picasso.

Toronto's Royal Ontario Museum, the ROM, is Canada's largest public museum. Since opening in 1914, it has been an invaluable presence in the city's cultural and educational life. Its exhibits tell the complete story of human and natural history. The museum's vast collection of objects and specimens – the spectacular dinosaur collection, totem poles, insects,

ancient Egyptian mummies, one of the greatest Chinese collections in the western world, art and artifacts depicting 1,000 years of European history – draw almost a million visitors every year. Besides the ROM's permanent galleries, there are numerous changing exhibitions, tours, lectures and workshops.

In 1987, The George R. Gardiner Museum of Ceramic Art became part of the ROM. Located right across the street, it is the only museum in North America specializing in ceramics. It houses one of the world's great collections of European ceramic art from the early 15th century to the turn of the 19th century.

Major League Sports. Major League Excitement!

A visitor to Toronto in 1973 could have watched Secretariat run the final race of his career. (The legendary horse won by six and a half lengths.) A visitor to Toronto today can also watch legendary, and soon to be legendary, athletes perform.

Baseball

Toronto has fallen for baseball and the Blue Jays in a big way. The Toronto Blue Jays are one of the most successful expansion franchises in baseball history. Since their first season in 1977, they've been American League East champions four times and have two World Series championships behind them. They are the first major league baseball team ever to attract more than four million fans in a season. They play in the SkyDome, the only stadium in the world with a fully retractable roof. (So wear sunglasses if it's a beautiful, cloudless afternoon, but there's no need for an umbrella if it looks like rain!)

Hockey

With 11 Stanley Cups and nearly a century of history, the Toronto Maple Leafs are one of the storied original National Hockey League teams. Historic Maple Leaf Gardens, their home ice, is one of the few North American arenas built before World War II still standing. To explore hockey's past and experience something of the game at the pro level, the Hockey Hall of Fame gives you the opportunity to take shots on a computer-generated goalie, see the Stanley Cup, learn about hockey's all-time greats, go behind the scenes of an NHL broadcast, and more.

Basketball

Toronto had NBA basketball back as far as 1946. The Toronto Huskies folded after only one season, but now the Raptors have brought the slam dunk excitement of the NBA back to Toronto.

Football

The Toronto Argonauts play high scoring CFL football every fall in the SkyDome.

Racing

Games are only part of the sports excitement in Toronto. If you've ever watched two drivers battle for the lead as they race 800 horsepower Indy cars bumper to bumper at speeds approaching 190 mph, you'll understand why the Molson Indy is Toronto's largest spectator sporting event.

And although Secretariat is just a memory, horse racing fans can still enjoy the thrill of the action at Canada's showplace of thoroughbred racing, the Woodbine Race Track. Among other important dates on the racing calendar here, you'll want to make a note of the Queen's Plate, the oldest continually run stakes race in North America.

The Neighbourhoods of Toronto

Toronto is a city of neighbourhoods. Many of these were once separate villages that were simply absorbed by the growing metropolis — the Annex, Yorkville, Parkdale. Others have developed where different cultures have congregated, as in Chinatown, Greek Town, or Little Italy and Queen Street West in the Spadina and Bathurst Street area is home to a mix of mainstream and off-beat fashion retailers, designer studios and chic cafes. Here are some thumbnail sketches of some of Toronto's most interesting neighbourhoods.

Chinatown

Toronto's Chinatown is a busy, vibrant, exciting place that seems never to slow down. The streets teem with shoppers and the many restaurants do a steady business day and night. The heart of Chinatown is Dundas and Spadina.

There are two main reasons to come to Chinatown: to shop and to eat. Shopping — for groceries, household items, furniture, books, music, antiques, jewelry and herbal remedies. Designers looking for the exotic, students looking for a bargain, cooks looking for bok choy — they all find treasures in the crowded shops and sidewalks of Chinatown.

As for eating, the restaurants range from the grand red and gold palaces with opulent painted tiles and elaborate fish tanks to the storefront diner. You can eat Beijing-style, Szechuan, Cantonese, Mandarin, Chiu Chow, Mongolian firepot, dim sum — and there are a lot of Vietnamese and Thai eateries too — you won't be disappointed. Try one!

Kensington Market

A series of narrow streets in what used to be Toronto's Jewish community has become, by stages, truly cosmopolitan. Vendors from Portugal, the Caribbean, Hungary and other countries have changed the look but certainly not the vitality of this colourful, bustling bazaar. The market's main street is Kensington, just west of Spadina. Go on a Saturday morning. The fruit and vegetable stalls, fish markets, butchers, cheese shops, bakeries and clothing stores — not to mention the streets themselves — will be crowded, but it's not the kind of place where you want to hurry, so go slow and enjoy.

Danforth Athens

The original Greek restaurants on the Danforth were friendly, modest little places serving good, basic fare and lots of bouzouki in the background. Over the years, the area has grown and now, still friendly and still serving great food, the restaurants are a lot more upscale, even funky, and almost every one has a sidewalk section and a patio at the back. A summer night in Greektown is a bit of Athens in Toronto. Life comes out to the street. The world strolls or drives slowly by, the air is full of lamb and lemon and oregano, and that easygoing

Mediterranean mood takes over. Eat late, sit and talk, watch the passing scene, walk a little. And take it easy.

Corso Italia

Toronto has one of the world's largest Italian communities, outside of Italy. There are two areas where you can enjoy Toronto's Italian flavour; "Little Italy" on College Street between Ossington and Euclid and on the "Corso Italia," St. Clair Avenue West between Dufferin and Lansdowne. Both streets are a little bit of Europe, with all kinds of items unavailable at the typical shopping mall. Boutiques offer unique jewelry and art. Shoe, textile and clothing stores have the latest styles directly from Europe. And when it's time to eat, trattorie and ristorante are plentiful here and all over the city. They range from the good to the really really good! Buon appetito.

The Beaches

The best way to get here is to take the "red rocket" streetcar along Queen Street East. When you get past Woodbine, get off the streetcar and walk. You'll notice right away that this area's different. It's as if you've left the big city behind and entered a small town, a busy, festive lakeside town. There's always a holiday atmosphere in the beach,

Photo courtesy of Metropolitan Toronto Convention & Visitors Association

all year round. People here just like to stroll — along Queen Street to look at the shops, along the side streets to admire the pretty houses and gardens, along the paths of Kew Gardens, and especially along the boardwalk. This wide sweeping walkway stretches several kilometres along the lake; sandy beach and water on one side, green lawns and trees on the other. A bike path runs parallel to the boardwalk, and, of course, there are plenty of spots for lunch, a snack, or dinner.

Bloor-Yorkville

Once — in the sixties — the village of Yorkville's smoky coffee houses were gathering places for hippies. Today, the Bloor-Yorkville area, a few short blocks in the Bloor and Avenue Road area, is the smartest retail neighbourhood in Toronto. Its streets are lined with posh boutiques, exclusive art galleries and chic restaurants. Yorkville is also one of Toronto's best spots for star gazing. Movie stars working on films in Toronto can often be seen dining or shopping in the neighbourhood. It also holds Toronto's most unique park, a highly structured and designed space featuring several different natural landscapes.

The Caribana parade: an extravaganza of sight and sound

Come to the fair: Canadian National Exhibition

Toronto Celebrates

At any given time there are likely to be dozens of celebrations and festivals going on all over Toronto. Being the multi-cultural, dynamic place it is, it's not surprising that a lot of the special events have an ethnic flavour. Here is a selection of some of the biggest and most popular.

Caribana

Of all Toronto's festivals, none makes the city want to party the way Caribana does. The August festival of Caribbean culture draws hundreds of thousands of visitors from around the world. The highlight of the festival is the parade, a sprawling, all-day extravaganza of dancers in "mas" — elaborate, magnificent costumes — steel bands, reggae and every kind of Caribbean music, food and fun. Over a million watch and dance their way along the lakeshore. The festival wraps up with a weekend of music and partying on the Toronto islands.

Metro International Caravan

A celebration of the ethnic diversity of the city, Caravan features the culture, crafts, music, dance and food of dozens of Toronto's nationalities. Scattered across the city are pavilions named for cities around the world, and you can purchase a Caravan Passport enabling you to sample the different cultures on display.

Canadian National Exhibition

Torontonians call it "the Ex" and it's been the harbinger of summer's end for over 110 years. The world's oldest and largest annual agricultural fair runs from late August through Labour Day. There's an old-fashioned carnival feel to it: a midway with dozens of rides, hot dogs, candy apples, cotton candy and ice cream waffles, a spectacular air show, grandstand performances by top musical stars, displays of international merchandise, livestock competitions, equestrian events and more.

Toronto International Film Festival

Considered one of the important film festivals of the world, this festival takes place in early September and is famous for being a "people's" event. Hundreds of films are screened in several theatres, often with directors and stars in attendance and available to answer questions.

Royal Agricultural Winter Fair

This is the one of North America's most prestigious agricultural fairs. It combines under one roof the grace, beauty and excitement of the International Royal Horse show, the pride and accomplishment of livestock and agricultural products shows, and a commercial trade show.

Paramount Canada's Wonderland: just north of Toronto, a 300-acre theme park with over 140 attractions, 50 exciting rides and North America's greatest selection of roller coasters.

● ONTARIO PLACE

Rising out of Lake Ontario on three man-made islands, this 39 ha (96 acre) park is beautifully landscaped with picnic spots, lagoons, canals and look-out points. The new outdoor Molson Amphitheatre offers a line-up of international entertainers. The Cinesphere, a 750-seat domed theatre, presents IMAX films on a spectacular six-storey screen, and award-winning pavilions offer audio-visual extravaganzas and other interesting exhibits. The HMS Haida Naval Museum is on site, and tours are available. Other attractions include a Children's Village and Waterplay, plus the LEGO Creative Play Centre in Pod 5. In addition, for a nominal fee, there are pedal boats, bumper boats, a four-flume waterslide, wilderness adventure ride and miniature golf. Around the site are artists, gift shops, and friendly pubs and restaurants with patios and waterside decks, many with entertainment.

Location: 955 Lake Shore Blvd. W., adjoining Exhibition Place.

Around And About

Just outside Toronto, the region of Peel presents several picturesque spots for a day's outing or drive in the country. The town of Caledon and the surrounding Caledon Hills make a pleasant destination for antique shopping, country auctions or just admiring the scenery. It's especially pretty in its fall colours.

The Forks of the Credit is a scenic spot, popular with picnickers and hikers, with a winding drive up and down the steep sides of the river valley. Towns such as Belfountain, Terra Cotta, Inglewood and Alton are on or near the Credit River and have scenic waterfalls, lookouts and good places for lunch or dinner. Perfect too for a weekend getaway — there are some attractive places to stay.

You will find information on Peel Region and Mississauga attractions and places to stay in this section of the *Trip Planner*.

For a host of other attractions and getaway places close to the big city, you can consult Regions 2 and 3 of this *Trip Planner*; also ask for the *Eastern Ontario Trip Planner*. In it you will find, listed under Getaway Country (Region 5), many attractions bordering right on the Metropolitan Toronto region.

Useful Information For Visitors

CREDIT CARDS

Most major credit cards are welcome in Canada, including American Express, MasterCard, Visa, Diners Club, EnRoute and Carte Blanche.

CURRENCY

We recommend that visitors use Canadian funds. Currency exchange offices, conveniently located at most of our travel centres at the U.S./Ontario border (see Page 8), offer a good rate of exchange and are open daily. A good rate of exchange is also offered at the currency exchanges at our international airports (Toronto, Ottawa) and at all banks and trust companies. Banks are generally open 10am to 4pm Monday to Thursday; to 6pm Friday. Most trust companies are open 9am to 6pm weekdays and Saturday mornings.

CUSTOMS AND IMMIGRATION

American visitors crossing the border, either way, may be asked to verify their citizenship with such documents as a passport, or a birth or baptismal certificate. Naturalized U.S. citizens should carry a naturalization certificate. Permanent U.S. residents who are not citizens are advised to bring their Alien Registration Receipt Card.

Citizens of other countries, except Greenland and residents of St-Pierre and Miquelon, must have a valid passport and some also require a visitor's visa.

Travellers under the age of 18 and unaccompanied by a parent need a letter of permission to travel in Canada from a parent or guardian.

As a non-resident of Canada visiting Ontario, you're allowed to bring in any reasonable amount of personal effects, a reasonable supply of food and a full tank of gas. Please note that certain agricultural and quota restrictions apply.

GIFTS

Visitors to Ontario can send gifts to friends or relatives in Canada, or can bring the gifts with them, and no duties will apply, provided the value of each gift does not exceed \$60 (Canadian funds), and they do not consist of tobacco products, alcoholic beverages or advertising material. Gift packages sent by mail should be plainly marked "UNSOLICITED GIFT" and the value should be indicated. Gifts valued at more than \$60 (Canadian funds) are subject to duties on the excess amount.

ALCOHOLIC BEVERAGES

Visitors arriving in Ontario who are 19 years of age or over may import, duty and tax free, for personal use either:

1.1 litres (40 ounces) of liquor or wine; or 24 x 355 ml (12 ounce) cans or bottles of beer, ale, or their equivalent.

Visitors can import more alcoholic beverages (up to 45 litres or 11.9 U.S. gallons), if they are willing to pay the Ontario fees and taxes in addition to the duties that apply.

TOBACCO PRODUCTS

Visitors arriving in Ontario who are 19 years old or older (19 on or after December 1, 1995) may import, duty and tax free, 200 cigarettes, 50 cigars, 400 grams (14 ounces) of manufactured tobacco, and 400 tobacco sticks.

If visitors bring in more tobacco products, they will have to pay the Ontario taxes as well as the duties that apply.

For detailed information write to:

Revenue Canada, Customs and Excise, Public Relations Branch, Ottawa, Ontario, K1A 0L5.

DUTY FREE SHOPS

Motorists crossing the U.S./Ontario border at 10 major points will be able to enjoy duty free shopping on the Ontario side for goods that are to be taken with them directly into the United States.

Here are the locations of our Duty Free Shops open year round. Please check ahead for hours of operation.

U.S. residents returning to the United States after 48 hours can take back \$400 US worth of merchandise, duty free, every six months. This may include one litre of alcohol (35 ounces), 200 cigarettes or 100 cigars that are not of Cuban origin. After a visit of 72 hours or more, if the \$400 exemption has already been claimed in the six months previous, an exemption of \$100 is allowed. After less than 48 hours, \$25 is allowed. For further information on entering or re-entering the United States, please contact U.S. Customs.

FIREARMS AND AMMUNITION

You may bring a hunting rifle or shotgun into Ontario as a visitor for hunting or competition purposes if you are 18 years of age or older, plus 200 rounds of ammunition for hunting, or 1,500 rounds for use at a recognized meet, duty and tax-free, up to a total of 5,000 rounds.

Firearms manufactured as fully automatic are prohibited entry, regardless of any conversion, and no firearms less than 66 cm (26") in length or with a barrel less than 46 cm (18½") are allowed, unless they are being imported for an approved shoot, at which time a temporary permit is required in advance from a local police agency. So please, no handguns!

For further information please contact:

Telephone: (613) 954-6372

HOLIDAYS

Whenever we say Thanksgiving, we mean Canadian Thanksgiving, which falls on the second Monday in October.

Other public holidays in Ontario: New Year's Day and Good Friday, Victoria Day (May 24 or preceding Monday), Canada Day (July 1), Civic Holiday (first Monday in August), Labour Day (first Monday in September), Christmas Day and Boxing Day (December 26).

Many places in Ontario close on Christmas Day, New Year's Day and Good Friday; be sure to check ahead.

HOSPITAL AND MEDICAL SERVICES

Visitors are urged to obtain health insurance before leaving their home country. (It is possible that your health insurance does not exceed coverage outside your country of residence.) If you are taking medicine prescribed by your doctor, bring an adequate supply and a copy of the prescription in case it needs to be renewed by a doctor in Ontario. For further information and insurance details, contact your travel agent or insurance agent.

FISHING AND HUNTING

Residents of Ontario are required to have an Outdoors Card. Licenses are required for fishing and hunting in Ontario, and may be purchased from most sporting goods stores, tourist outfitters, hunting and fishing lodges as well as Ministry of Natural Resources district offices.

For information on seasons, regulations and licence fees, contact:

Ministry of Natural Resources
Natural Resources Information Centre
Macdonald Block
Room M1-73
900 Bay Street
Toronto, Ontario M7A 2C1
Tel: (416) 314-1177

LAND USE LAWS

The *Occupier's Liability Act* reduces a rural landowner's responsibility for the safety of non-paying visitors. Signs can be erected to indicate which activities are allowed on the property.

The *Trespass of Property Act* designates premises where entry is prohibited without notice. Entry on other property may be prohibited by notice. A red marking at least 10 cm (4 inches) in diameter is equivalent to a No Trespassing sign. Trespassers can be fined up to \$2,000 and ordered to pay any damages.

For a free explanatory brochure, write to:

Communications Branch
Ministry of the Attorney General
Main Floor
720 Bay Street
Toronto, Ontario
M5G 2K1

LIQUOR

Anyone 19 or over may buy liquor and imported or domestic wine and beer from government liquor stores. A large selection of domestic beer is available from Beer Stores. Outlets are located throughout Ontario. Drinking hours in licensed establishments are from 11am to 1am. In Ontario it is an offence to consume alcohol anywhere other than a residence or on licensed premises.

Please note: Driving motorized vehicles, including boats, while impaired is illegal. You can be convicted for refusing to take a breathalyzer test or having a breathalyzer reading greater than 80 mg (0.08%) of alcohol per 100 ml of blood.

PETS

Dogs and cats over three months of age entering Canada from the United States will need certification, signed by a licensed veterinarian, that they have been vaccinated against rabies. The certificate should provide a complete and legible description of the pet and the date of vaccination. Animals must be vaccinated in the preceding 36-month period and at least 30 days prior to re-entry into the United States.

POSTAGE

Canadian postage stamps must be used on all mail posted in Canada. Postage is 45 cents for post cards and letters up to 30g (1 ounce) destined for Canada, 52 cents for the United States and 90 cents (up to 20 gr) for other countries (1996 rates).

PUBLIC TRANSPORTATION

The province is laced with a network of regional and national airline flights, railways, bus routes and ferries. Charter flights will take you to more remote places. Thirteen airlines provide scheduled air service to 63 airports throughout the province. If you're already here and need a public carrier, contact a local travel agent or check the yellow pages, call the company and book direct.

Major Canadian carriers Air Canada and Canadian Airlines International can supply you with up-to-date schedules and reservations. VIA Rail Canada links most of the major cities in the province and connects with Amtrak and other U.S. rail lines at many border crossings. The largest bus lines are Gray Coach, Greyhound, and Voyageur Colonial.

TAXES

Eight per cent provincial sales tax applies to most purchases. Seven per cent federal goods and services tax applies to most purchases of goods and services.

SALES TAX REFUNDS

Visitors from outside Canada may claim a refund of the 7 per cent federal GST (Goods and Services Tax) on accumulated purchases of a minimum \$100, provided the goods are taken out of Canada within 60 days. Tax charged on hotel and motel accommodation is also eligible for refund.

Further information and application forms may be obtained by calling 1-800-ONTARIO.

WEATHER

Ontario weather is much the same as that of the northern United States. Temperature measurements are in Celsius. June, July and August are our summer months, when days are usually warm, though nights may be cool, particularly in the north. Medium to heavy-weight clothing is recommended from mid-September to mid-November and from mid-March through April. During the winter you'll need to dress warmly.

The information and services contained in this publication are offered to you as a matter of interest and are believed to be correct and accurate at the time of printing. The Ontario Ministry of Economic Development, Trade and Tourism accepts no liability for errors or omissions.

Rules Of The Road And Other Helpful Tips

AUTOMOBILES

• **CAA Service.** The Canadian Automobile Association (CAA) and its member club, the Ontario Motor League (OML), are affiliated with several international automobile clubs, including the American Automobile Association (AAA), and members are entitled to reciprocal benefits. Check the phone directory for CAA and OML listings.

• **Documents.** A valid driver's licence from any country is good in Canada for three months. However, as added identification you may wish to obtain an International Driver's Licence before your trip. If you're driving over the border, bring the vehicle registration forms and a free Canadian Non-Resident Insurance Card from your insurance agent, or the policy itself. Minimum combined Liability insurance in Ontario is \$200,000. If you're driving a borrowed car also bring a letter of permission signed by the owner. If you're driving a rented car, include a copy of the rental contract.

• **Gasoline.** Our service stations sell unleaded and premium unleaded gasoline (please note: leaded gas is no longer available). Many stations also sell diesel fuel, particularly along the highways. The number of stations offering propane and natural gas for motor vehicles is growing rapidly.

Some service stations close at 7 p.m. and don't open at all on Sundays. However, 24-hour stations can be found at larger centres and along main highway routes (400 series highways).

• **Rentals.** Automobile rentals are available at our international airports and in many of our towns and cities. With most companies, the minimum age is 21 with a credit reference.

• **Services.** The Ontario Provincial Police patrol the highways and other areas not served by municipal police services. You can reach them locally by calling one of the regional toll-free numbers listed on the Ontario Official Road Map.

If you are involved in an accident resulting in a personal injury or property damage over \$700, you must notify the police and remain at the scene of the accident until cleared by investigating officers. First aid stations are clearly posted along the highways.

Information on highway conditions in the province is available all year from the Ministry of Transportation regional offices; the 24-hour toll-free number is 1-800-268-1376. For the greater Toronto area, call the Road Information Office at (416) 235-1110.

• **Tolls.** International bridges, tunnels and ferries charge a fee but our highways are toll free.

Ontario traffic rules may be somewhat different from the ones you're used to. So here's a list of traffic tips for your Ontario holiday.

• **Bicycles.** Bicycles are considered vehicles and must obey the same traffic laws. Bicycles are not allowed on controlled access highways. The wearing of bicycle helmets is mandatory.

• **Hitchhiking.** Hitchhiking is not allowed on major (controlled access) highways.

• **Radar Warning Devices.** Radar Warning Devices are forbidden in Ontario, even if turned off and only being transported in your vehicle. Our police may confiscate such devices and fine you as well.

• **Right Turns on Red Lights.** Right turns may be made on red lights unless otherwise indicated. You must come to a full stop at the light, but may proceed with caution if the way is clear.

• **School Buses.** Traffic travelling in both directions (except divided roads or highways) must stop for a yellow school bus when its red lights are flashing and the stop arm is extended.

• **Seat Belts.** Ontario law requires that adults and children over 18 kg/40 lbs in weight wear them. Infants from birth to 9 kg/20 lbs in weight must travel in a rear facing child restraint system. Toddlers weighing 9 to 18 kg (20 to 40 lbs) travel in a front-facing child restraint seat.

• **Speed Limits.** Speed limits in Ontario are in kilometres per hour (km/h). Freeways have a speed limit of 100 km/h (62 mph); the Trans-Canada routes 90 km/h (56 mph). Most other rural highways and country roads have a speed limit of 80 km/h (50 mph). In urban and other populated areas the speed limits generally range from 40 to 60 km/h (25 to 37 mph). Consult the equivalency chart below to familiarize yourself with speeds in kilometres.

• **Streetcar Stops.** Vehicles must remain at a standstill at least two metres (six feet) behind the rearmost door of a stopping or stopped streetcar for the safety of passengers boarding or alighting.

• **Studded Tires.** Studded tires are forbidden on Ontario highways.

• **Windshields and Windows.** Windshields and side-front windows must allow a clear view of the vehicle's interior and the colour cannot substantially obscure the interior.

More Information On Camping In Ontario

Ontario Provincial Parks

There are over 265 provincial parks in Ontario. Provincial means the parks are owned, maintained and protected by the province. Many provincial parks are busy during the peak summer season. The campsite reservation service provided at the more popular parks is convenient and can help you avoid disappointment. Simply make your request well in advance of your arrival date by phone, mail or in person directly to the park, using VISA or Master Card. If you don't have a reservation, all the parks also have sites available on a first-come first-served basis. Reservations are not necessary for day visits.

Reservations are not required during the fall season, or at many Northern Ontario parks.

Some provincial parks accommodate motor homes and provide electricity. All provincial parks provide a trailer sanitary service. Also, all parks have some form of maintained washroom facilities. Food and other necessities can usually be purchased within the park or nearby. Pets are allowed in provincial parks provided they are on a leash not exceeding 2m (6 feet) in length.

For more information on Ontario's provincial parks and recreational areas, phone, write or visit:

Natural Resources Information Centre
Macdonald Block
Room M1-73
900 Bay Street
Toronto, Ontario
M7A 2C1
Telephone: (416) 314-2000

To alleviate overcrowding on canoe routes and hiking (backpacking) trails in major canoeing parks such as Algonquin, Quetico, Killarney and Frontenac, daily quotas on the number of people entering the interiors of these parks have been established. In these provincial parks, it is now possible to reserve an interior permit ahead of time. Also, to reduce unsightly litter and to help preserve their outstanding beauty, cans and bottles are banned in the interior of these parks as well as Lake Superior, where interior camping permits are available on a self-serve basis. Cans and bottles are permitted, however, in organized car campgrounds.

Campsite Vacancy Reports. To find out if sites are available, campers can phone the Campsite Vacancy Reporting Service before embarking on a trip. In operation from mid-June to Labour Day, this service provides a daily estimate of the number of campsites unoccupied in 55 parks.
Telephone (416) 314-0998 or 1-800-ONTARIO.

Operating Seasons

In Southern Ontario, most provincial parks are in full operation from mid-May until the Labour Day weekend; in Northern Ontario from early June until the Labour Day weekend, and possibly earlier.

When a park is in full operation, complete facilities and services are provided. These vary among parks and include comfort stations, showers, laundry facilities, electricity, firewood, garbage collection, running water and visitor services programs.

Provincial parks never really close and visitors are welcome during the off-season. Few facilities are maintained, but vault privies are generally open, fireplace grates are available and fees are generally collected through self-serve registration. Although some parks may be gated to prevent vehicular entry, all parks are accessible to pedestrians from sunrise to sunset.

Winter camping is allowed in some provincial parks, but it is important to note that most are unsupervised and facilities are limited. Some parks offer cross-country skiing as well. More information can be obtained from the Ministry of Natural Resources.

Crown Land Camping

There are some regulations about Crown or public land that you should know about.

Non-residents of Canada, 18 years of age and older, are required to obtain a permit to camp on Crown lands in Northern Ontario (the area north of the French and Mattawa rivers, from the northwestern to the northeastern borders of the province). These permits are available from most angling licence issuers and from MNR district offices. For further information, contact the local Ministry of Natural Resources district offices throughout Ontario.

Every Camper Must Prevent Fires!

Campfires must be set on bare rock or mineral soil. An area of at least 1 m (three feet) in width from the outside of the fire must also be bare rock or mineral soil. Fires must be kept under control, tended by a responsible person and be properly extinguished before the site is left.

Restricted Fire Zones - imposed in times or areas of serious fire danger - mean that no person shall start a fire outdoors for the purpose of cooking or obtaining warmth, except in a portable stove or charcoal installation.

Restricted Travel Zones also are imposed in times of severe fire danger. Forest travel is not permitted in these zones except under the authority of a Forest Travel Permit. Check with the local Ministry of Natural Resources office for current information on restrictions in each area.

Smoking. No person shall smoke while walking or working in a forest woodland during the fire season. It is an offense to drop or throw unextinguished smoking material in or within 300 m (1,000 feet) of a forest or woodland. And remember - responsible smokers sit down to smoke.

Trailer size limits for Ontario highways:
Maximum length 14.65 m (48 feet)
Maximum height 4.15 m (13.6 feet)
Maximum width 2.6 m (102 inches)

Maximum length:
Car and trailer-23 m (75.5 feet)
Semi-trailer-14.65 m (48 feet)
Trailer-12.5 m (39 feet)

If a vehicle is non-commercial such as a motorhome, its overall maximum width is 2.6 m (102 inches), including side mirrors. It is against the law to transport anyone in a house or boat trailer when it is in motion.
